

# Why Attend 13 ICG as an End User?

13th International Conference on Geosynthetics (13 ICG)  
13 - 17 September 2026  
Montreal

1200+  
attendees

250+  
presentations

7 international  
plenaries

5 short course  
opportunities

## Make More Informed Project Decisions

Understand the performance, lifespan, and cost-benefit of different geosynthetics

## Learn from Real-World Applications

Case studies and project presentations provide practical, immediate solutions

## Drive Innovation Through *Your* Input

Share your challenges and performance expectations to influence future product development and drive practical innovation in the industry

## Keep Up with Standards and Compliance

Stay current with evolving regulations, specifications, and installation best practices that impact project outcomes and liability

## Engage Geosynthetic Manufacturers and Experts

Ask questions, discover options, and provide feedback to suppliers and designers
