

Why Attend 13 ICG as a Government Agency?

13th International Conference on Geosynthetics (13 ICG)
13 - 17 September 2026
Montreal

1200+
attendees

250+
presentations

7 international
plenaries

5 short course
opportunities

Stay Current with Best Practices

Learn about evolving standards, testing protocols, construction options, and sustainability advantages

Evaluate Cost-Effective, Proven Solutions

Explore real-world case studies and data-driven outcomes

Support Policy & Standards Development

Case studies and project presentations provide practical, immediate solutions

Enhance Infrastructure Longevity and Performance

Geosynthetics improve durability, reduce maintenance, and optimize performance for roads, embankments, landfills and other areas of infrastructure

Network with Experts and Innovators

Connect with engineers, manufacturers, and researchers to explore collaborative opportunities, information needs, and project-improving ideas
